Exercise 4

Time: 4 minutes

Find the cheapest shop for what you want to buy. At the top of the table the shops are listed, in the rows the goods and prices are named – they are all of the same quality.

Make your purchases as cheaply as possible following these conditions:

1. One of each article
2. Two lots of cheese and two bottles of champagne, one box of chocolates
3. Three bottles of champagne, two bottles of wine and one lot of cheese
4. Four bottles of wine, three lots of cheese, one box of chocolates and one packet of biscuits
